Subject: REVISED SEPA CHECKLIST FOR IN-TRENCH TREATMENT

JENNIFER AND DAVE,

Here is the 3rd draft of the LLBG SEPA determination. It is saved in track changes mode to show each of you where I made changes.

JENNIFER,

I assumed that radioactive lead solids are treated by MACRO per the information in the SEPA checklist ; if not please let me know.

JENNIFER AND DAVID:

Please send me an e-mail with any further changes/suggestions OR your approval.

Thanks!!!
